## Start #1: Maze

Supplies:

- Maze

Invite your child to try to find the way through the maze.

- Read for them what is on the page.
- Help them find the way through using their finger to trace it.
- Once they find their way through, encourage them to share the maze with someone else in their family too!

## Start #2: Build an Ark

Supplies:

- Building blocks
- Child's own stuffed animals or animal figures

Invite your child to play with you.

- Explain that an ark is a really big boat.
- Ask your child if they would like to help you build an ark.
- Use what you can to build a boat, and invite your child to find any animals they would like to put on the ark.

## Prayer:

For this prayer time, use a ball. While you hold the ball, pray “Dear God, thank you for...” and then roll the ball to your child. They can say something they want to thank God for. Then, they can roll it back to you. You choose something to thank God for and roll it back to them. Repeat until they have nothing further to add. Then bounce the ball and say, “Amen!”

## Craft: Connect the Dots Activity Page

Supplies:

- Activity page
- Markers or crayons
- Stickers

Give your child the activity page and encourage them to connect the dots.

- Before they begin, ask if they know what the picture will be.
- Talk about the Bible Story as they connect dots and place stickers.
- Highlight that Noah put God first.
- Ask your child what their favourite animal is that Noah put on his ark. Ask them what animal they wouldn't have wanted to have on the ark.
- Ask: Do you think God cared for all of these animals? What's your favourite part of the story?
